

Break Bar

This modular illuminated curved Bar unit is brand new to our stock. Each unit can be used individually or grouped together with the Ice bar as well as with the Break Line bar to form endless variations. Six Break bars form a circular bar with a diameter of 3.4metres. There is a large working surface area at the back of the bar unit with storage area providing a practical area in which to prepare drinks. The Break Bar can also be used as a reception desk for your event or exhibition.
