

Snack Bar

The luminous Snack Bar is a modular bar/counter/reception that is perfect for events and exhibitions. Standing at an impressive 100 cm high it makes the perfect bar for serving food, drinks or showcasing products. Moreover, with a simple change of light bulb, the bars can be lit in several colours that make them suitable for fitting elegantly into even the most refined locations. This Bar can also be fitted with a special 30 Watt battery operated light unit ideal for outdoor events. The Snack Bar, Jumbo Bar and Corner Bar can be personalized with logos or images in order to brand them uniquely.
